

2017
Lab School Summer Camp
314-822-8282

Lab School Summer Camp is a day camp for children 3-5 years old, who are potty trained and have NOT attended kindergarten. Camps consist of fun-filled activities, each focusing on a central theme. Activities include water fun, art experiences and dramatic play. Each session features a special guest or field trip. The camp day is from 9:00 AM-1:00 PM and includes morning snack and catered lunch. Every camp staff member is a degreed and certified teacher.

YOU MAY REGISTER FOR 1, 2, 3 or ALL CAMP SESSIONS.

\$140.00 per week. No daily rate available.

Session 1 Sense-Sational!

June 5 – June 9

We'll celebrate the start of summer with this "Sense-sational" exploration of our 5 senses. We see a lot with our eyes, but what can we see with super sharp sight from binoculars? Join us for some yummy mystery taste testing, playing instruments, mixing goo and making ice sculptures...brrr. What does your nose tell you about tricky scents? We'll welcome the CHAMPS Dogs...those pups really have us beat in the sense department! Investigating textures, making "ooblik" and creating collages on record albums will be part of the fun. Let's discover the wonder of our 5 senses through experiments, games and art!

Session 2 Storybook Stew

June 12 – June 16

What could be more exciting than a celebration of treasured stories? Let's revisit old favorites, but make way for new ones. We'll make our sparkly "Rainbow Fish" from CD's and investigate what seashells lurk in "The Deep Blue Sea". It's everyone's birthday this session as we highlight birthday book favorites and make birthday banana muffins. Creating "catching hats" will be a fun art and movement activity. Don't miss our "wear a hat to camp" day. Will there be "Caps for Sale" ... "Is There a Bird on your Head?" ... A visit from a storyteller will be a special treat. Don't miss this magical world of children's literature where anything is possible and everything can happen!

OVER

Session 3 Get Up and Van Gogh!

June 19 – June 23

The artist is you! We'll be inspired by 3 of the Masters, Matisse, Calder and Van Gogh, as we explore color, shape, balance and form. Following Matisse, we'll tear texture paper shapes to make colorful collages. Let's learn about the original mobile maker, Calder, and make our own balancing, moving mobiles. Van Gogh's "Starry Night" will inspire us to paint our own nighttime works of art. "Painted" toast will be our colorful snack. Splatter painting on a huge canvas and chalk drawing will be on our palettes as we explore and create our own masterworks. A visit from the Kirkwood Library will wrap up our week as the new artists on the block!

Session 4 "I'll Huff and I'll Puff and..."

June 26 – June 30

Watch out for that Big Bad Wolf as we explore the classic "3 Little Pigs". We'll read different versions of the story, and using props and kid power, act out our version. Making mud bricks (that 3rd porker was a smart cookie...) will be part of our outdoor fun. Also, we'll explore the use of different construction materials in our art center and see which house withstands "huffing and puffing"! Pretzel sculptures will be a yummy treat, and Ms. Debby, our music teacher, will guide us through the "Pig Opera", as we sing our way through this classic story.

**SUMMER IS A BLAST AT
THE LAB SCHOOL CAMP!**
