

The Lab School News

December 13, 2017

Tuition is being gratefully accepted in the office.

RE-ENROLLMENT AND/OR SIBLING ENROLLMENT:

We're making a list and checking it twice! Re-enrollment for next year is **NOW!** You have priority until January 5th. After that date we accept outside enrollment. *Please tell your friends about our school and encourage them to apply!*

ADOPT-A-FAMILY: Thank you for your generosity! A big Thank You goes to Meghan Minnear for sorting, packing and delivery.

HEALTH ALERT: We have had two cases of pinworms reported at our school. This is a common, infectious parasite of the intestine. Our main line of defense against the spread of this infection at school is through proper hand washing. Proper hand washing technique is, wet hands; add soap; keeping hands out of the water, rub fronts, backs, and in-betweens until bubbles form; rinse; dry with towels. Please practice hand washing with your child. If you suspect your child might have pinworms, you can treat him/her and your family with an over-the-counter treatment found at most pharmacies. There is a cleaning protocol to follow to help stop the spread pinworms. It includes laundering all bedding, towels and shared items frequently. We are hoping to come back from holiday break, pinworm-free!

(see attachment for more information)

IMPORTANT DATES:

Last day of school before Winter Break is next Wednesday, Dec. 20

December 21-January 3- Winter Break/No School

January 4- 1st day back to school

January 5- Last day for priority enrollment for 2018-2019- claim your spot!
